

VIKSIT BHARAT POLICY CELL

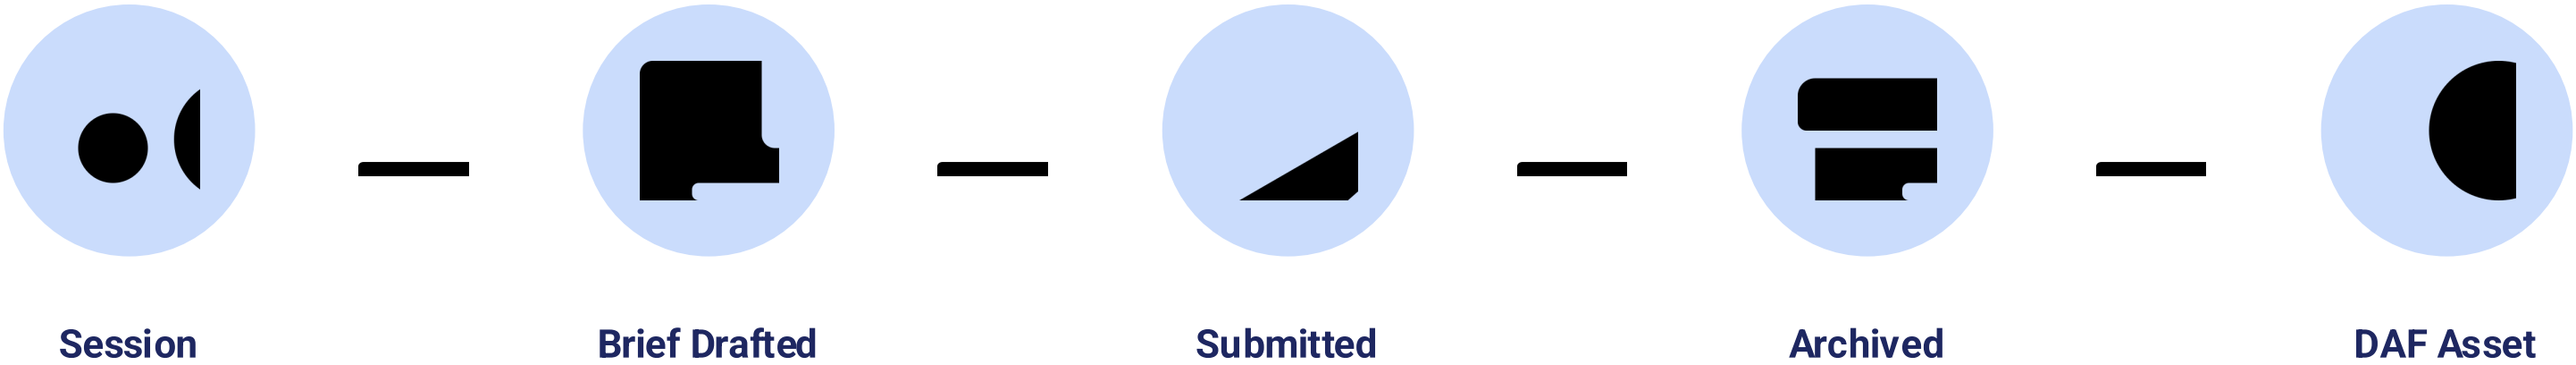

Founding Orientation · vbpc.in

Registered · MY Bharat Portal

Not a club. An institution that researches, drafts, and submits policy.

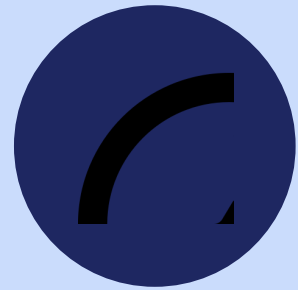

WHY IT MATTERS

From Session to Real Government Submission

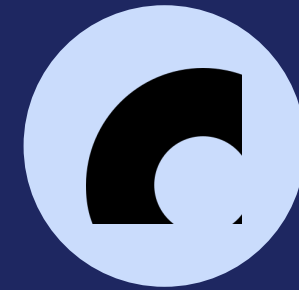

Every session produces one output. Every output gets submitted and permanently recorded.

National Importance & Local Community Issues

National Issues

e.g. Cauvery Direct Bilateral Cooperative Framework —
submitted to CM Office, Tamil Nadu

Local Community Issues

e.g. Krishna River Urban Discharge — Vijayawada (Session 1
topic)

NON-NEGOTIABLE

Political Neutrality

Ideologies welcome. Party battles — never.

No party names. No party-vs-party debate. Governance philosophies, ideas, and historical decisions may still be discussed.

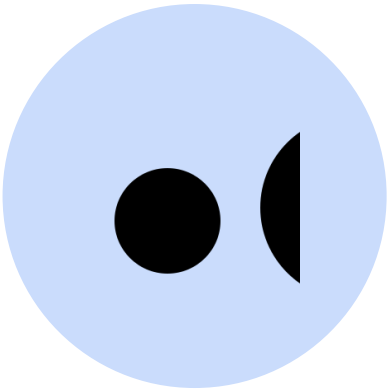

The Speaker intervenes the moment a contribution turns political — everyone abides by that call.

Who Holds Authority In A Session

Speaker

Absolute authority in-session · Rotates monthly

Members

Chief Advisor
(oversight)

Power of Recognition · Power of the Gavel

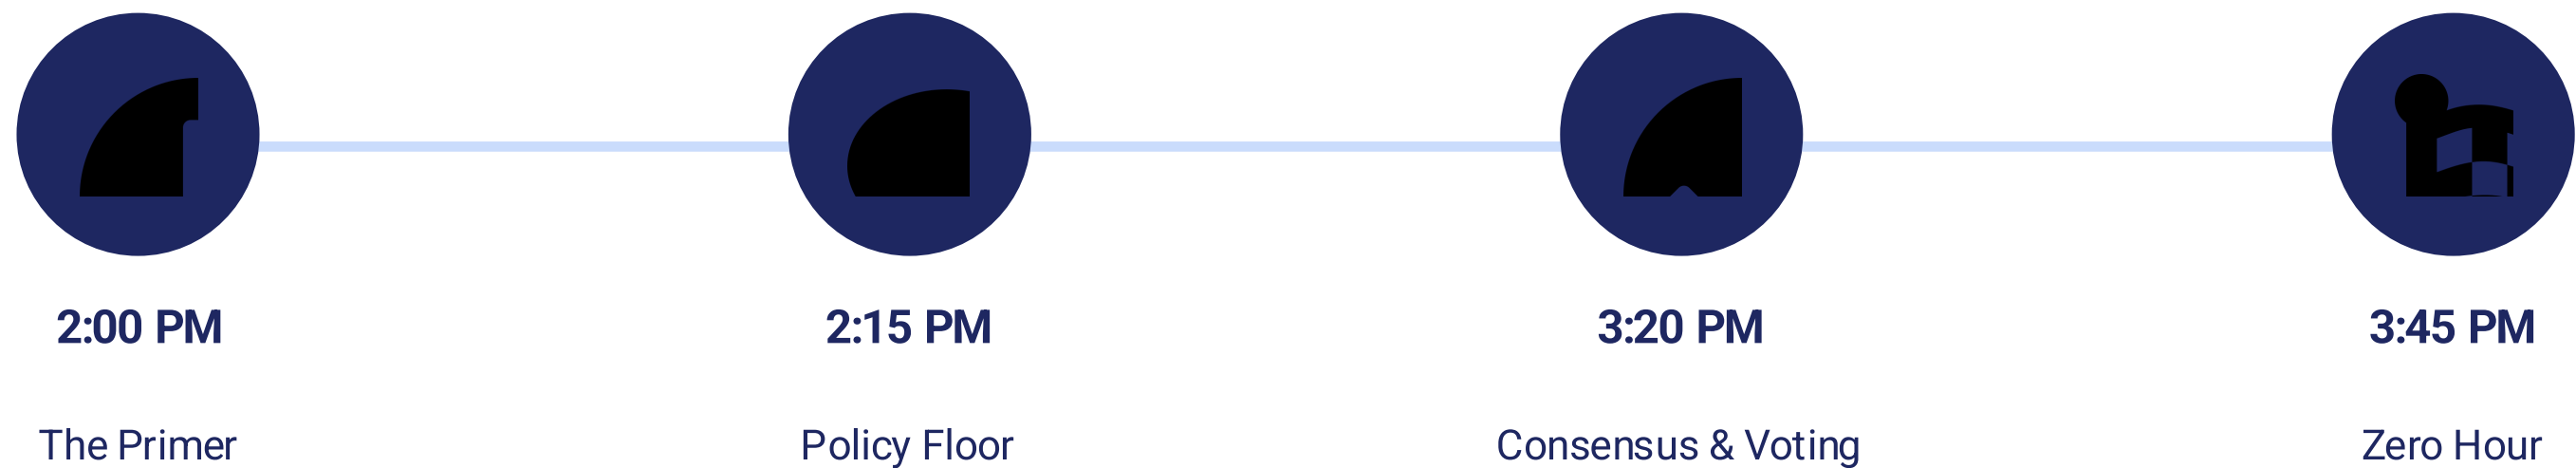

Mandatory Preparation

One written paper, every member, every session.

No paper = No participation. No exceptions.

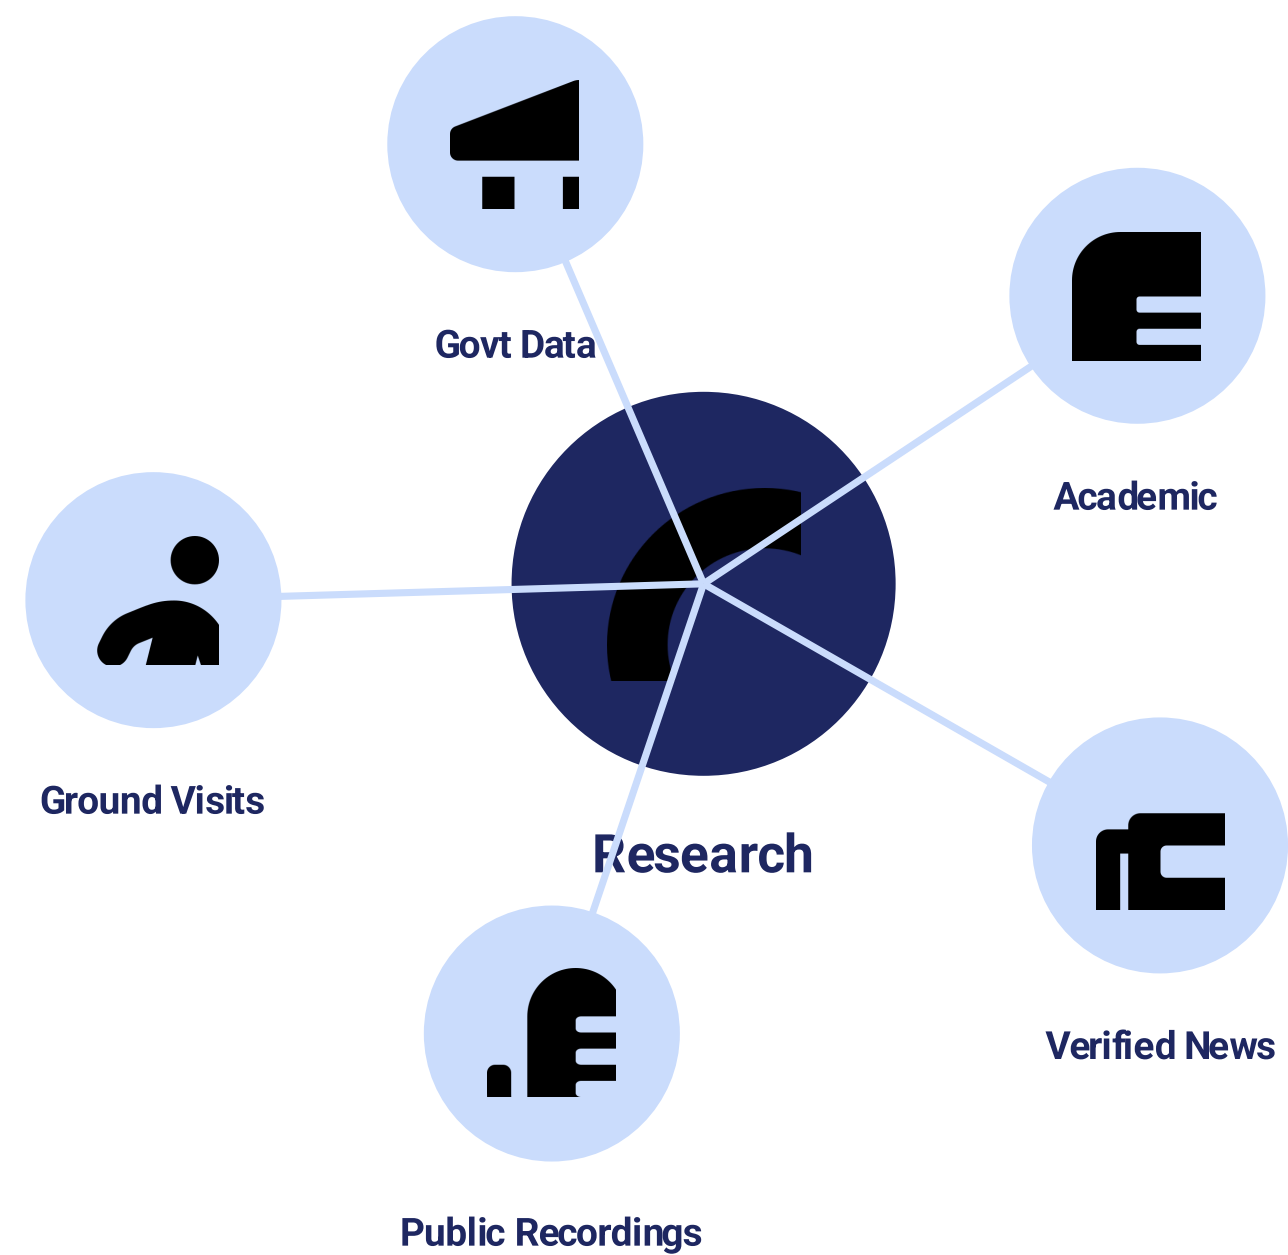

How A Session Runs (2 Hours)

Timing is managed organically by the Speaker — flexibility over rigid stopwatch limits.

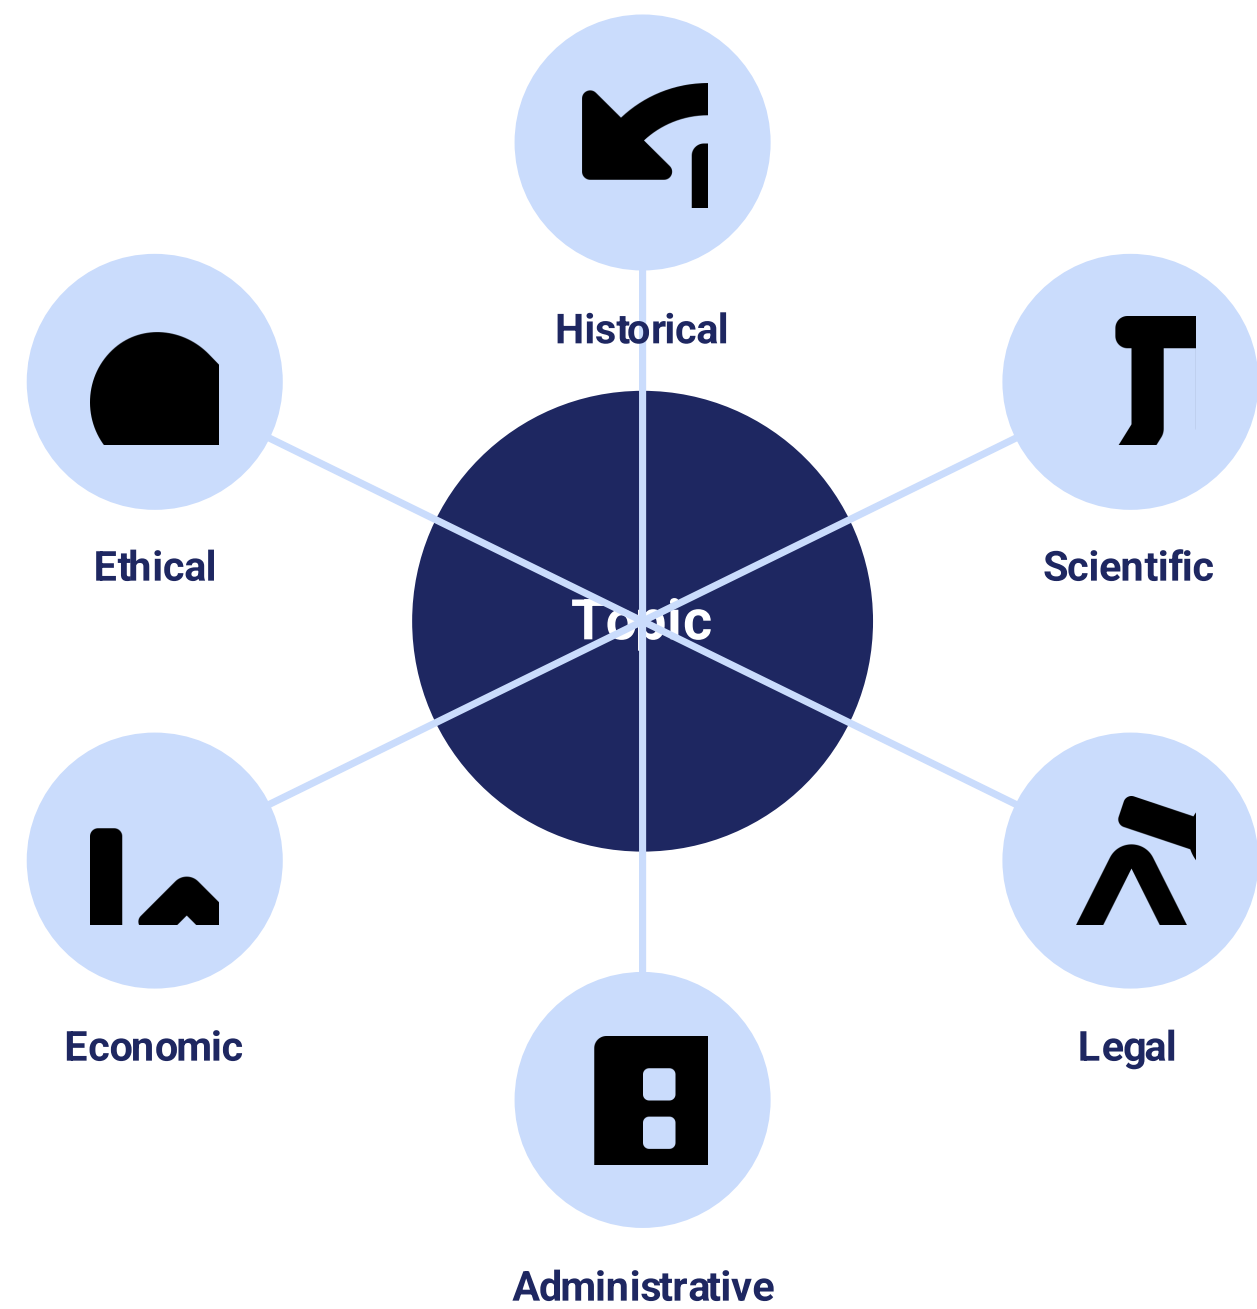

METHOD

How Members Research A Topic

Uncertain of a figure? Say so. Honest uncertainty beats false confidence.

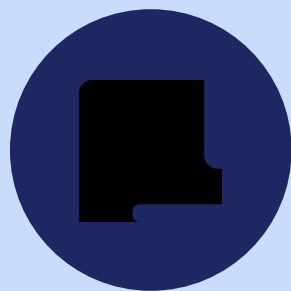

Multidimensional Analysis

Starting framework — not a cage. More dimensions are always welcome.

EVERY SESSION PRODUCES
